Report on TCS-iON Webinar Series - Understanding Pointers in C

Computer Engineering Department has arranged an online webinar on "*Understanding Pointers in C*" which was organized by TCS-iON.

TCS iON Digital Learning Hub is an Online Learning platform offering Courses, Assessments, Communities and Events. It is an ideal platform for an individual who wishes to pursue education on a self-learning pace. It enables educators and trainers to deliver self-paced and blended learning which enables an individual to learn at any place and any time.

The session was delivered by Yashwant Kanetkar. Yashwant Kanetkar is an Indian computer science author, known for his books on programming languages. He has authored several books on topics such as C, C++, VC++, C#, .NET, DirectX and COM programming.

In this session thorough knowledge of pointers were given by expert. He gave detail explanation the usage of pointers in programming languages with suitable examples. Students of 2nd semester have got knowledge of pointers through this webinar.
