Happy world Environment Day

Better Environment Better Tomorrow Save the Planet

World Environment Day is celebrated every year worldwide on 5th of June. It was established by the United Nations General Assembly in 1972 in order to raise global awareness about the environmental issues. It is celebrated to motivate people to take positive environmental actions in order to protect the nature on this planet.

Today (05-06-2019), GIDC Degree Engineering College, Navsari celebrated Happy world Environment Day by planting more trees and watering the plants. We promise each other to don't cut trees and to plant more and more trees as possible.
